

rfidmarket

This high-protection tag is designed for extreme outdoor environment or monitoring your metal-surfaced assets and comes with a long read range feature. It is mounted on metal and is your supporter, especially in asset management, heavy industry, oil and gas, mining, automated production lines, warehouse racking, container and cargo tracking, and metallic asset tracking.

Key Benefits

UHF Metal Tag

- High-Protection tag
- IP68 protection level and best alternative for outdoor projects
- Installation by screwing, magnet, cable or 3M adhesive
- Printing logo, barcode, encoding, serial number, designing, etc.

UHF Metal Tag (RFM-20700003)	
Material	Engineering plastics
Dimensions	136x43x10 mm
Weight	47 g
Working Temp	-40°C ~ +85°C
IP Rating	IP68
RFID Standard	ISO / IEC 18000-6C (EPC C1G2)
Chip Type	Impinj Monza 4E/4QT/4i
EPC Memory	496 / 128 / 256 bits
User Memory	128 / 512 / 480 bits
Max Read Range (2W ERP FCC)	30 meters
Installation	3M adhesive, screw, magnet, cable
Customization	Printing logo, barcode, encoding, serial number, designing, etc.
Package	100 pcs / bag

Applications

Oil, Gas and
Mining

Industry
Equipment

Cargo and Container
Tracking

Logistic and
Warehouse

Get To Know About Us

Epozy is providing top national/multinational companies by designing, developing, and implementing RFID projects includes both software and hardware. We have always challenged our accounts to build together for better, smarter, more optimized, and sophisticated industrial solutions which are already core competencies of Epozy itself. We believe that effective communication is the key to project success.
